

PROFESSIONAL SUMMARY

Senior DevOps Engineer with 5 years experience in AWS, Kubernetes, Terraform and CI/CD pipelines. Proven track record of reducing deployment time by 40% and managing infrastructure for 500K+ users.

WORK EXPERIENCE

DevOps Engineer

2021 - 2024

TechCorp

- Architected and deployed AWS infrastructure (EC2, EKS, RDS, S3) serving 500K+ daily users with 99.9% uptime
- Built and maintained CI/CD pipelines using Jenkins and GitHub Actions, reducing deployment time by 40%
- Managed Kubernetes clusters of 50+ microservices using Helm charts and Terraform IaC
- Automated infrastructure provisioning with Terraform, cutting manual setup time by 60%

Software Engineer

2019 - 2021

StartupXYZ

- Developed and deployed backend APIs using Python and FastAPI, improving performance by 25%
- Containerized applications using Docker, enabling consistent deployments across environments
- Collaborated with DevOps team to implement CI/CD best practices

TECHNICAL SKILLS

AWS

Kubernetes

Terraform

Docker

Jenkins

GitHub Actions

Python

Linux

CI/CD

Helm

Bash

Git

EDUCATION

B.Sc Computer Science

2019

University of Lagos

CERTIFICATIONS

- AWS Certified Solutions Architect - Associate
- CKA - Certified Kubernetes Administrator
